

Rocky Flats speech

April 28, 79

Blacks + children + military + athletes

- the cults that have turned this  
earth and all its cities into  
one vast four-stone.

We all live in Saigon, now, you + I  
and the Russians + the VN and the  
South Africans, black + white. —

no place to run to — so <sup>we</sup> take  
our stand here — on love — and

say what parents should have said

when his fans told them to trust him, to <sup>show</sup> ~~take~~

the loyalty to his leadership by giving their children the  
Kool-Aid, <sup>he</sup> ~~he~~ <sup>might</sup> ~~might~~ <sup>not</sup> have decided to <sup>have</sup> ~~have~~ <sup>with</sup> ~~with~~ <sup>the</sup> ~~the~~ <sup>children</sup> ~~children~~ <sup>the</sup> ~~the~~ <sup>children</sup> ~~children~~

This is crazy! You're not giving <sup>the</sup> ~~the~~ <sup>children</sup> ~~children~~  
that stuff —

- I'm for circumambulation — for meeting —  
for the circumambulation

that we didn't <sup>we</sup> ~~the~~ evolve at  
Hawaii — "Why aren't we evolving?"

I'm ambles for paralysis, for bolts  
of passing, silence, oblivion.

or Moment...  
year of accomplishment —

### Return

~~The~~ It is not only the existence and potential of new weapons that is unprecedented in

It is <sup>also</sup> the acceptance by an entire society (US) — and not only one — of this preparation; even, the commitment of many nations to reliance upon it; the conscious participation in indoctrination in values & beliefs that justify these activities, and the success of the investigation.

To Class:

- Is reason for CD obvious? for RETF?
- Is USG the whole problem? Capitalism? Evil men? (US officials)
- Is there a sure, riskless way to safety? ("surely right?" "surely moral"?)
- Is there no way?
- Contrast "anarchist" perspective to Marxist.
